

AKSHAY SUBHASH BORASE

Address: Shahada, Maharashtra | Phone: +91 8010542088 | Email: akshayborase94@gmail.com

GitHub: github.com/Akshay94os | LinkedIn: linkedin.com/in/akshay-borase-41a028262 | LeetCode: leetcode.com/u/Akshay944/

TECHNICAL SKILLS

Core Languages: Java, Python, C++, C, SQL

Web Frameworks & UI: Django, FastAPI, HTML5, CSS3, JavaScript

Databases & Systems: MySQL, PostgreSQL, DBMS, Linux (Commands), Shell Scripting

Tools & AI Platforms: Git, GitHub, VS Code, Vercel, Claude AI, Anthropic AI, Canva

EDUCATION

MCA (Master of Computer Applications) | R.C. Patel Educational Trust's IMRD, Shirpur | **CGPA: 9.15 (Current)** | 2025 – 2027

B.Sc. (Computer Science) | PS Popat ASC Senior College | CGPA: 8.8 | 2022 – 2025

HSC (12th) | Shree Satpuda Vidhyalay, Lonkheda | Result: 72.8% | 2022

SSC (10th) | Shree Satpuda Vidhyalay, Lonkheda | Result: 81.3% | 2020

CORE PROJECTS

1. Jarvis 1.0 – AI Voice Assistant (Python, Desktop Automation)

- Engineered a robust local voice assistant application designed to automate host system controls and execute structural operating system processes natively via intuitive audio triggers.

2. Modern Full-Stack & UI Applications (Django, FastAPI, Python, SQL)

- Developed architectural full-stack web applications emphasizing structured MVC/MVT lifecycle management, streamlined backend API schemas, and robust data persistence frameworks.
- Projects Executed:* Engineered an e-Library Management Utility alongside a specialized student indexing system optimized for high-velocity database access, record reliability, and relational constraints.

3. Face Recognition & Utility Frameworks (Python, OpenCV, HTML5)

- Built an intelligent face recognition utility utilizing algorithmic visual capture to verify and automate secure cross-workstation system sessions.
- Created dynamic animated client interfaces leveraging HTML5 paradigms, fine-tuning visual layouts with cloud-assisted deployment configurations optimized for instant response scaling via Vercel.

ACHIEVEMENTS & CERTIFICATIONS

- MCA CET Performance:** Secured a 96% percentile rank across state-level entrance benchmarks.
- Open Source Recognition:** Awarded developer platform recognition milestones including the *Pull Shark* and *YOLO* achievement credentials on GitHub.
- Academic Framework Awards:** Won first place honors during institutional collegiate Hackathons and regional ESI development initiatives.
- Technical Certifications:** Completed academic masterclasses covering Core Python, RDBMS Architectures, SQL systems through corporate programs, alongside dedicated Cloud Foundations and Cybersecurity courses.

LANGUAGES & INTERESTS

Languages: English (Professional), Hindi (Fluent), Marathi (Native) | **Interests:** Competitive Coding, Open Source Contributions, UI Animation Trends
